Full stack web developer primarily focused in front end web development with a background in Cosmetology. Certificate in Full Stack Web Development from Northwestern University. Newly developed skills in HTML, CSS, JavaScript, MongoDB, APIs, MySQL, Node.js, React, and responsive web design. Strengths in teamwork, communication, and collaboration. Known for having a great eye in design and enthusiasm for developing apps that are mobile friendly. Every project goal is to have the user have the best experience possible and everything to be properly functioning. Excited to utilize strong skills such as critical thinking and evaluating results to choose the best solution and solve problems that occur, along with my technical skills, and a meticulous eye for detail making me an asset to any driven team.

Technical Skills

Languages: JavaScript, HTML, HTML5, CSS3, ES6

Applications: GitHub, MongoDB, MySQL, Mongoose, Heroku,

Projects

Bobbies Hobbies | GitHub: <https://github.com/eptomlinson/BobbysHobbys>

Deployed: <https://boiling-scrubland-76321.herokuapp.com/>

Summary: A user can post their own hobby that they are interested in by providing an image, description, and cost. They are able to view and like the hobbies that other users have uploaded.

- **Role:** Front End Web Design and Login Feature
- **Tools:** React, JavaScript, Passport, Bootstrap

Employee Directory | GitHub: <https://github.com/aidabyte/employee-directory>

Deployed: <https://dir-of-employees.herokuapp.com/>

Summary: A directory of employees that consist of the employees name, age, picture, and country. An employer can access a specific employee by typing in their name or the first letters of their name. Also, can search in alphabetical order.

- **Role:** Author
- **Tools:** HTML, CSS, Axios, Bootstrap, Node.js, React

Note Taker | GitHub: <https://github.com/aidabyte/Note-Taker-Hw>

Deployed: <https://note-journal-taker.herokuapp.com/>

Summary: A digital notepad created to save, delete, or add notes so the user can remember what they wrote down when it was important. If you refresh the page the notes will still be there.

- **Role:** Author
- **Tools:** Node.js, Express, Postman

Experience

Smith & Davis Salon / Hair Colorist, Chicago IL

May 2018 - October 2020

Accomplished building a portfolio with professional photoshoots and clientele. Created and presented portfolios to document various hairstyles and concepts. Collaborated with other hair cutters to determine the client's overall hair appearance.

Siren Salon / Assistant/Front Desk, Chicago IL

June 2016 - March 2018

Gained more knowledge in the industry by attending monthly hands-on education classes. Communicated with stylist's clients effectively pertaining to their needs. Greeted clients, answered phone calls, and booked appointments.
